14. Coaches and/or managers who receive a suspension, will be reported to the BCLA Field Directorate for any suspension under five (5) games that can be imposed by a League Commissioner. Any action by a Coach or a Manager that is the opinion of the local commissioner or BCLA Directorate that warrants further disciplinary action, will be immediately referred to the chairperson of the British Columbia Lacrosse Coaches Group for his/her appropriate action.

15. A suspended player will be removed from all team games, regardless of age division (i.e., cannot play up while suspended) until he/she has served the suspension, this suspension may be served during BCLA sanctioned tournament and league games only. The suspended player cannot participate in exhibition games that occur during the suspended number of games. While under suspension, a suspended player cannot be on the players' side of the field prior to or during the player's team's game(s). The suspended player can watch the game, with the spectators, from the opposite side of the player's bench. While under suspension, a suspended coach cannot be at the game venue prior to or during coach's team's game(s). (OP 12.10 (b))

17. There is a difference between a game expulsion for a severe incident and for accumulating five personal fouls (fouling out). A game report must be given if there are to be any further game suspensions. A suspension must be accompanied by a written referee's report. The referee might eject player(s) from the field, banishment, for that game, and not write a game report as he/she did not feel that the infraction warranted anything more. The banishment must be noted on the game sheet.

18. It is very important that each League Commissioner has all the facts and has done a thorough investigation prior to handing down a suspension. Depending upon the severity of the penalty, additional games may be imposed by the League Chairperson and/or the Field Directorate.

#### SUMMATION:

These penalties shall be cumulative throughout the entire career of a player/coach in the BCLA Field Directorate and not restricted for one season, with the exception of banishment. Thus, a player or coach, after committing one offence, is deterred from repeating the offence instead of having a clean slate every year.

Any second offence requires the player/coach to appear before the Field Directorate at the first meeting after the offence has taken place. This is to make the player/coach more accountable for their actions.

If a player or coach has gone a considerable amount of time between offences the Commissioner has the option to reduce the penalty for the subsequent offence.
