

BCLA Adaptive Women's Field Lacrosse Game Rules (Cohort Teams) U8 - 4v4; U12 - 8v8; U15 & U19 - 8v8 or 10v10

Lacrosse players are looking forward to getting back on the fields/facilities to play lacrosse games. British Columbia is in Phase 3 of the [Restart Plan](#) and as of August 24, sport has moved to the "Progressively Loosen" Phase. In this phase of sport there can be a careful increase to the number of contacts and contact intensity in sport. This next phase offers BCLA Association/Club members a gradual introduction to a modified field lacrosse game introducing activities that may involve instances of close proximity and contact in a safe way. See [viaSport BC Return to Sport Guidelines \(Phase 3\)](#).

Close physical proximity (within 2 meters) should still be minimized as much as possible. In sport activities that generally involve interaction between participants at a distance of less than 2 meters, it is recommended that:

- Modification of the activity or sport rules occur to minimize contact to keep participants at a safe distance;
- The number and duration of contacts between different participants is limited (when physical distancing is not possible)
- Physical distancing when not participating in the sport activities is maintained (i.e., pre & post-game).

Any introduction of activities involving either close proximity or physical contact should be done within a sport cohort.

In order for scrimmages/games to be played, viaSport BC's guidelines recommend modifications to any sport where players are in close proximity or physical contact is inherent. As a result, the following rule modifications will be **mandatory** to each sector of lacrosse. In all cases, associations/clubs are advised to ease into physical activity with a focus on participant safety prior to introducing scrimmaging or game play.

NOTE: These game guidelines are modifications to the existing FIL 2018-19 rules for women's lacrosse. Where there is a conflict between the FIL rule book and these modified rules (or BCLA Field Directorate Women's rules), then the FIL rule book shall apply. All normal guidelines and rules are to be followed unless specified in this document. Modifications are subject to revision and may be adapted.

Playing Facility-

1. A Lacrosse playing field shall be a rectangular field 110 meters (120.30 yards) long and 60 meters (65.62 yards) wide.

U12 Women's Modified Field

These dimensions are based on the unified World Lacrosse men's & women's lacrosse field.
 One end will remain unmodified (they will use the existing lines and the fan/arc).

- Sidelines - extensions of the wing lines from the men's markings (lines on either side of the draw circle).
- New End Line - 18m penalty area (soccer markings)
- New Centre Line - far side of the draw circle
- New Goal Line - men's field lacrosse restraining line

Note: the Goal Line can also be established by placing the far edge of the portable crease at the top of the 15m arc
